Paying Internship/Summer-Fall job!

Viticulture- Harvest Assistant

Reports To: Regional Viticulturist -Central Coast

Job Description: Assist viticulturists with grape maturity sampling, crop estimates, vine water status measurements/irrigation monitoring, pest monitoring and data entry. Individual must be intuitively motivated with a strong desire to learn hands on viticulture operations while working efficiently. Long driving hours, CLEAN DMV driving record IS A MUST.

This is a great opportunity to learn about the diverse and unique growing areas of the Central Coast from our cool, maritime influenced vineyards of Santa Barbara to the warmer region of Paso Robles. There are only a handful of internships that can offer this breadth of experience while working with a team that is dedicated to growing and making the highest quality wines.

The Treasury Wines Estates portfolio includes iconic brands such as Beringer, Sterling, Acacia, Etude Lyric, Chateau St. Jean and Stags’ Leap Winery.

Position starts now and goes through mid-October, season dependent. Vehicle provided.

~Candidates must be able to work 32 hour week.
