JOB OPPORTUNITY

with the

San Luis Obispo County Air Pollution Control District
Clean Air Ambassadors Program

Present science and air quality lessons to elementary school students.

The San Luis Obispo County Air Pollution Control District is recruiting 1st year or 2nd year Cal Poly students to participate in the Clean Air Ambassadors Program. For more information about the program, visit: http://www.slocleanair.org/community/teacher-resources.php

Clean Air Ambassador responsibilities include:
- Attending an initial training to review the program and expectations, presentation materials and lesson plans;
- Presenting science lessons to San Luis Obispo County schools, clubs, outdoor educational programs, etc.;
- Securing teacher evaluations after each presentation;
- Participating in Air Pollution Control District public outreach events;
- Providing your own transportation in the course of executing duties and maintain vehicle insurance as required by the State of California;
- Assisting with the development and modification of science lessons;
- Representing the Air Pollution Control District in a professional manner; and,
- Familiarizing yourself with the key concepts of all Air Pollution Control District programs.

Ideal candidates will have experience teaching, mentoring and/or coaching elementary school age students.

Hours are flexible and based on your school schedule.

Compensation:
- Competitive pay, plus vehicle mileage reimbursement to lesson sites;
- Rewarding and resume-worthy job experience teaching children and representing the Air Pollution Control District.

Application materials to be submitted:
- Resume
- Brief letter of interest, not longer than one page;
- Your Fall Quarter class schedule and days of the week and time of day you are available to work.
- Please provide the days of the week and timeframe that would work best for an interview.

How to apply: Please submit applications to Gary Arcemont via email garcemont@co.slo.ca.us
The application may also be mailed to San Luis Obispo County Air Pollution Control District, 3433 Roberto Court, San Luis Obispo, CA 93401
