Paid Internship Opportunity
FIRE ECOLOGY AND FUEL MANAGEMENT

Are you interested in a career in fire ecology or fuel management with a federal land management agency?

Are you currently enrolled or accepted for enrollment as an undergraduate or graduate student?

Apply for the 2016 Grand Canyon National Park Fire Ecology and Fuel Management Internship!

GAIN EXPERIENCE during the summer with professional fire management staff working on field- and office-based tasks including:

- Prescribed fire and wildfire planning
- Prescribed fire and wildfire implementation
- Prescribed fire and wildfire monitoring
- Fire effects data collection and analysis
- GIS mapping and analysis
- Wildlife and archaeological compliance

APPLY EXPERIENCE by completing an independent project the semester following the internship.
